

### Gifted and Talented make-up testing

Make-up testing for the SAGES2 Gifted and Talented testing is scheduled for Friday August 18 at the Metuchen High School Library. Students entering grades 5-7 will be tested at 9:00 AM, and students entering grades 3-4 will be tested at 1:00 PM. Testing will last 2-2.5 hours, including short breaks between test sections.

If you want your child tested, you should email Kathleen Henn at [khenn@metboe.k12.nj.us](mailto:khenn@metboe.k12.nj.us). Indicate the grade your child will be in this September. An email RSVP is required to be sure testing materials and space will be available for your child. All that is required to prepare for the test is a good night's sleep and a healthy meal before arrival. Please send children with two pencils (or pens) and a drink.
